

RANA FAIZAN ALI

Web Developer | Tech Enthusiast

Creative and versatile professional with expertise in graphic design, web development, and video editing. Proficient in Figma for UI/UX design and skilled in problem-solving using C++. Experienced in leading teams with strong communication abilities. Familiar with Unity for game development and computer networks. Committed to delivering high-quality solutions through a collaborative and innovative approach

PROJECTS

Chat Application – MERN Stack, Socket.io

- Built a real-time chat application using MERN stack and Socket.io for seamless communication.
- Implemented secure authentication, profile management, and real-time notifications with JWT, bcrypt.js, and Cloudinary.
- Designed a modern, responsive UI using Tailwind CSS, DaisyUI, and Zustand for smooth user experience.

Student Management System – .NET Blazor

- Developed a student management system with separate admin and student panels for role-based access and functionality.
- Implemented dynamic CRUD operations using Blazor components, enabling efficient student record and attendance management.
- Integrated data validation and security protocols to ensure the integrity and confidentiality of student information.

Traveling Website – Frontend Development

- Designed and developed a traveling website with features for browsing travel destinations, booking services, and user reviews.
- Focused on user-friendly navigation and responsive design for an optimal user experience across devices.
- Enhanced UI/UX using modern web design principles and animations.

University Simulation – Cisco Packet Tracer

- Developed a university network simulation utilizing dynamic routing protocols and the Shortest Path Algorithm for efficient data transmission.
- Configured VLANs, subnetting, and VLSM for efficient network management.
- Optimized network performance with routing protocols and logical segmentation.

CERTIFICATES

- Prompt Engineering – Coursera
- Web Development – Coursera
- Cisco Packet Tracer
- Joint Secretary – Hayatian Computing Society, UOG
- Project Management – Coursera
